Extra Curricula Activities Policy

AIM:

To enhance the children's developmental abilities by offering them activities, which provide stimulating and educational experiences.

Expos the Children from a young age to different types of experiences such as music, dance... etc.

To fulfil Centre's philosophy in relation to Development through Play and Art.

EXPLANATION:

In conjunction with the planned developmental program extra curricula activities such as Dance, Music and Kindy Gym lessons will be available to the children. These activities will enhance the learning abilities of the children's skills in the following developmental areas; Social, Physical (gross motor/fine motor), Cognitive and Language (aural skills).

IMPLEMENTATION:

The extra curricula activities provided by the Centre are part of the children's developmental program. They are provided qualified professionals who are trained in the specific field of education.

The staff of these services are employed by the Centre and therefore if any parent wishes to discuss an issue with these teachers they must first inform the Director or Authorised Supervisor who will deal with the matter ensuring the best interest of children, families and the Centre.

A fee for these extra curricula activities applies according to the child's attendance days. Please refer to the Centre's fee structure. If your child does not attend on a designated day of which an activity is held and you wish for them to participate then a fee will be charged and they are allowed to attend only for the time of the activity.

All children attending the day of the activity will be charged for the cost regardless as those activities are integral part of the Centre's program.
